Sir

With reference to your letter No.G.23849 dated 17th April 1919, I have the honour to state that from January to March 1919, the Foodstuffs Commissioner has allotted to the State 800 tons of wheat from the Punjab. Merchants here have been saying that there is no demand in the State for Punjab wheat as it is too soft. However priority certificates for the import of 398 tons were issued; and information received so far shows that 1825 bags or about 180 tons have been actually imported. Consequently there was no necessity to import wheat from the Punjab on Government account as suggested in your letter No. G.20653 of 14th March 1919. The importers have reported that the "stuff is of inferior quality", that "the market is dull", and that there are "no buyers".

2. For April an allotment of 400 tons of Australian wheat from Bombay was sanctioned. As no merchants cared to import the wheat I have in anticipation of the sanction of Government ordered 50 tons on Government account. The cost is Rs.9,250 at Bombay. The consignment is expected to arrive in a few days and I shall, on its arrival, attempt to dispose of it at cost price.

3. Owing to the insignificant demand no allotment was asked for for May.

4. I beg to add that there is apparently no particular

particular demand for the import of wheat, as the requisite quantities of wheat flour are being obtain from Bombay and Calcutta - there being no restrictio against the movement of flour.

I have the honour to be,

Sir,

Your most obedient servant,

Food Controller & Director.
